With a plot that screams, a controversial edge, and characters with an attitude and something to prove, this has all the makings to be the next *Da Vinci Code*.

—*Publishers Weekly*

Reading similarly to both a Thoene novel and *The Da Vinci Code*, best-selling author Meade's *THE SECOND MESSIAH* will keep readers on the edge of their proverbial seats...*THE SECOND MESSIAH* reads quickly and will hold the reader's attention with its many plot twists. In the story, Meade also addresses the problem of suffering in an insightful comment from the pope. Fans of fiction tied to news headlines will enjoy this geopolitical thriller. Recommended for readers of Joel C. Rosenberg

This novel is a *Da Vinci Code*-type thriller, but it's far more. The secret scrolls and chases are standard thriller fare, but deftly handled. Some of the characters are particularly captivating, especially the new Pope, a true follower of God who's tormented by his past and struggling with the future of the Church. This suspenseful book is well worth reading.

Written in the mold of *The Da Vinci Code*—sans all the erroneous claims (thankfully)—best-selling author Glenn Meade's latest geographical thriller, *THE SECOND MESSIAH*, keeps readers on the edge of their proverbial seats with multiple plot twists.

—*Charisma*

Meade knows how to entangle, and untangle, an exciting array of characters and plots guaranteed to keep the reader hooked... a talented storyteller, he sets the scene quickly before taking off on a rollicking ride that keeps the pages turning. It's a hard book to put down.

Tell Dan Brown to move over! It's Glenn Meade's turn.

—Maria Goodin, Bookseller, Books & Company Dayton Ohio

Dan Brown meets Tom Clancy—Glenn Meade sure knows how to get your pulse racing. I was gripped from page one. Whether *THE SECOND MESSIAH* is fact or fiction is up for debate, but one thing's for sure—it's one heck of a thriller. You know you're in safe hands with Glenn Meade—*The Second Messiah* is a rollercoaster of a thriller that lifts the lid on the inner workings of the Vatican and leaves you wondering just how much of the fiction is actually fact."

—Stephen Leather, author of *Nightfall*
